

ACCOMPLISHMENTS

- » In my 13+ years of professional experience in video production and web design & development, I have proven to be a reliable, adaptable and creative individual that is able to work in high stress situations
- » 200+ video and web projects completed for installation, corporate, commercial and non-profit organizations
- » "Long Term Evolution" - 2011 Marcom Gold Award - Video/Film/Informational

EXPERIENCE

2008-2020

Multimedia Specialist

Sound & Vision Communications, Inc.

- » Video conceptualizing, scripting, shooting, editing, visual effects, motion graphics and distribution (streaming, downloads, tapes, DVDs and Blu-rays) for installation, commercial, corporate and non-profit productions.
- » On-site video training, production, direction and post-production for corporate meetings and installations with standard and non-standard aspect ratios and formats under tight deadlines. Created graphics, templates, presentations and slideshows that adhered to each company's branding guidelines for corporate meetings.
- » Built, operated and maintained the company website and in-house server with off-site backup in order to reduce costs and increase video file delivery speeds.
- » Provided the company with IT, e-mail and mobile device support because I am savvy when it comes to technical troubleshooting.
- » Created multi-language video subtitles for global streaming audiences.
- » Clients included *Johnson & Johnson Vision, Syniverse Technologies, Johnson & Johnson Vision Care (Japan), Vision Source, Essilor, Covidien Vascular Therapies, Smith & Nephew, Susan G. Komen, The Children's Home and Meals on Wheels.*

2006-2008

Multimedia Designer

Desktop Darkroom

- » Planned, created and maintained an online digital photography and e-commerce resource for training in Photoshop, ExpressDigital as well as studio and location lighting.
- » Directed, shot and edited video tutorials for DVD and online distribution.
- » Designed company cross branding campaigns for print, web and video.
